## Professional Experience

- 2022

●

**Senior Data Scientist, Product Analytics**  
TikTok

Mountain View, CA

- Part of initial data science team involved with eCommerce expansion to US. Regularly conducted deep-dive analysis to inform product development and drive revenue growth as part of the launch.
  - Collaborated with cross-functional teams, including product management, engineering, and marketing, to drive data-driven decision making and optimize the user experience for ecommerce on the TikTok platform.

2021

●

**Senior Data Scientist**  
Skillshare

New York, NY

- Acted as data insights leader for new product expansion beyond core membership. Leveraged k-means clustering to identify target teacher segments and size potential monetization opportunities. This analysis and subsequent strategy demonstrated path for potential sales increases of 50%
  - Applied causal inference techniques when standard A/B testing wasn't possible. Examples include counterfactual estimations for various marketing offer changes; and designing quasi-experiments for influencer marketing due to lack of A/B tools in this area.
  - Led experimentation processes and analysis within the product team's personalization & discovery pods - including changes to content recommendation algorithms, new onboarding features/flows, and changes to Search and Browse.
